Riverboat Gamblers

To The Confusion Of Our Enemies (*Volcom*)

This album puts the punk in punk and the rock in rock. From beginning to end, the album offers a whirlwind of sound, laced with the energy that Volcom Entertainment has a knack for finding. The Gamblers' song "Don't Bury Me...I'm Still Not Dead" keeps all the equipment needed for punk rock and the slickness needed for broader listeners. All around a sweet listen.
