DIE HUNNS: YOU ROT ME

This CD isn't amazing because it's got great players like Nate Shaw, Jamie Reidling, Corey Parks, Zander Schloss, and Duane Peters singing. It isn't amazing because the songs are great. It isn't amazing because it's as good as any of the other great bands these guys have been in. It isn't amazing because Corey Parks sounds as good as Chrissie Hynde ever did. It isn't amazing that these punkers have made a truly great rock record, but it is amazing that Volcom Entertainment is finally starting to sign some great bands. Way to go.
