## GOONS OF DOOM

### The Story of Dead Barbie and Ghost

Volcom Entertainment's Goons of Doom are back and better than ever! Fronted by Australian pro-surfer/musician/artist/filmmaker Ozzie Wright, aka "Fang Fite Ozzie Wrong, The Wizard of Death," the Goons produce rock that has a throwback feel and a refreshingly new vibe. Every track has a completely different feel to it than the last and the mixture of singers (both male and female) keep you guessing as to what's next. These guys are funny, irreverent, and never seem to follow a set path. The Goons are the type of band that will have you laughing, shaking your ass, and drinking copious amounts of alcohol because *The Story of Dead Barbie and Ghost* is a party on a disc. "Bikey Zombie," "Broken Toe," and "It Stinks" will make your ears happy. Hit [volcoment.com](http://volcoment.com) for your copy and to check out the new Guttermouth CD!
