

## **VOLCOM TOUR 2008 EUROPE - "A SPRING BREAK ORGY TO REMEMBER" WITH TURBONEGRO, VALIENT THORR AND YEAR LONG DISASTER**

**Los Angeles, CA** – “This tour will be a Spring Break Orgy to remember,” says Turbonegro’s Hank von Helvete on the subject The Volcom Tour Europe 2008, whose band Turbonegro will be headlining this March.

With brand new livers courtesy of the generous children of Turbojugend Calcutta, Turbonegro, who recently completed a tour of sports arenas in Europe with Marilyn Manson and a sold-out North American tour, will continue ripping the world new ones on the back of their 2007 gold trophy winning album, *Retox*, when the 2008 Volcom Tour Europe that kicks off in London on the 23rd of March. “Finally Europe will see a tour with a PERFECT line up - the cleverness of Year Long Disaster, the power of Valient Thorr and the sexiness of Turbonegro, all in one entourage - it's going to be a monolith in Volcom history,” von Helvete went on to expound.

Venusian rockers, Valient Thorr, who will be providing support on the tour, recently toured Germany with Motorhead in November and all of Europe earlier in the spring of 2007 with Fu Manchu. Valient Thorr whose shows were hailed as “legendary almost instantly” and as “One To Watch in 2008” by Metal Hammer, will be supporting their 2007 album *Legend of the World*, as well as gearing up for the release of their as-yet-untitled new album this summer that they are currently recording with Jack Endino (Nirvana, Soundgarden, High On Fire) in Seattle, WA.

Also providing support will be Los Angeles, CA’s Year Long Disaster, a rock n’ roll power trio featuring Daniel Davies (son of Kinks guitarist Dave Davies), Rich Mullins (ex-Karma To Burn, Speeddealer), and Brad Hargreaves (Third Eye Blind). Recently completing their debut full-length album recorded in Tucson, AZ with Jim Waters (Jon Spencer Blues Explosion, R.L. Burnside), Year Long Disaster’s self-titled album is set for release in Europe on March 24th 2008.
